

Homework 4 - Tic-Tac-Toe Game Sequence Diagrams

CSCI 360

Create **System** Sequence Diagrams (SSDs) and operation contracts for the tic tac toe game. You should try to create as many sequence diagrams you think are required for your game design. Add a short description for each sequence diagram.

Include only a sample of five operation contracts. Write the contracts according to the format in your textbook.

Rubric HW4:

	Points (0-3)	Comments
System Sequence diagram correctness - System, messages		
System Sequence diagram completeness - messages, parameters, return		
OC correctness - pre/post instance, vars, state		
OC completeness - pre, post, op, cross		
	0	0
